

**EUROTECH**[www.eurotech.com](http://www.eurotech.com)**AdRC-EXP1**

The AdRC-EXP1 is a hybrid CompactPCI Express/ CompactPCI sub rack that allows mixing a CompactPCI Express CPU board with CompactPCI and CompactPCI Express peripheral boards in a seamless way.

The AdRC-EXP1 allows combinations with up to three CompactPCI Express-compatible peripheral boards (Type 2) and up to six CompactPCI-compatible peripheral boards.

When CompactPCI and CompactPCI Express boards are mixed, the optional A3EXP1565 bridge board must be installed.

**FEATURES**

- › PICMG EXP.0 R1.0, PICMG 2.0 R3.0 CompactPCI
- › Input power supply: AC85 264V, 5A, 47 63Hz
- › Power supply voltage: DC5V 10A, DC5V (aux) 2A, DC3.3V 10A, DC12V 12.5A
- › FAN: 3 groups
- › Hot Swap/ Hot plug not available
- › CompactPCI VIO: 5V or 3.3V
